

DATEX INSURANCE TRACKING MODULE

Track the details of Tenant Insurance Requirements, including maintaining digital copies of certificates of insurance coverage. Generate automated reminders for Tenants and Managers.

PRODUCT FEATURES

- Track tenants with expired and/or missing insurance policies based on date thresholds
- Systematically track and manage proof of Insurance (POI) compliance by tenant
- Track the key details of insurance policies:
 - a) By required dollar amount
 - b) By insurance company rating
 - c) By coverage type and more
- Upload and maintain digital copies of Insurance certificates with ease
- Send automated reminders to compliance managers when tenant policies will be expiring
- Automatically send email reminders for tenants
- Dynamic integration with MRI and Yardi

BETTER COMPLIANCE

Easily track POI compliance across your portfolio. Effortlessly hold your tenants accountable while saving time and money.

SIMPLIFY WORKFLOW

Automatic notifications and reminders keep your team informed and on top of tasks. Streamline and simplify your work.

DEEP INTEGRATION

Datex extends and leverages the data you already have and makes all your information accessible and fully integrated with buildings, tenants and search.
